Livestreaming	0

Game Play

- Normal game rules apply.
- Two ball rotation system with a member of the home staff cleaning the spare ball between use.
- Hand and ball cleaning at quarter and half time to be conducted by the home team staff.
- Timeouts and quarter time breaks should be conducted by each team near their team 'bench' ensuring 1m+ social distancing at all times. Players are permitted to enter the playing court during this time. Any fluid spillages need to be cleared before play commences.
- Understanding that hand sanitiser should be applied by all players during timeouts therefore officials may need to moderate the length of time for timeouts.
- Substitutions should occur directly from the bench rather than from the substitution chairs.
- At timeouts and other breaks in play, officials should attempt to limit contact with the table officials and should maintain a 1m+ distance between themselves whenever possible.
- Referees and officials to allow suitable time for anybody treating an injured player, to follow suitable hand hygiene guidance following treatment of the injury before returning to the bench prior to the game recommencing.

After Game

- Score sheets should be signed off by officials, hands to be sanitized after completing paperwork
- All participants to leave by designated exit, and leave car park immediately
- All Wipe down tables, chairs, door handles, match balls
